

# Cottonwood

## *Hibiscus tiliaceus*

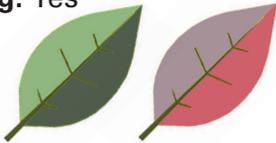

**Small Tree**

**Native Evergreen**

**Flowering: Yes**

**Colour**

Hardy tropical tree with a broad low crown, large heart-shaped leaves and bright sunny yellow flowers. Dark green foliage and blooms with bright yellow flowers in summer. Rubra's leaves are deeply-coloured maroon and plum, especially when young.

Plant in a full sun - partly shaded position in the garden. Tolerates most soil types including clay and salt. Withstands exposed windy sites but requires moderate watering.

Pruning is necessary to achieve desired size and shape.
