Note:

Criteria referenced are those recognised and transitioned directly from the Development Plan which relate to the original declaration in 2002 under the Development Act 1993 Section 23.

Criteria updated to accord and reference the new criteria under the Planning, Development and Infrastructure Act 2016 Section 68.

The <u>Development Act 1993 Section 23 (4A)</u> provided that:	The <u>Planning, Development and Infrastructure Act 2016 Section 68</u> provides that:
A Development Plan may:	(1) The Planning and Design Code may—
(a) declare a tree to be a significant tree if:	(a) declare a tree to be a significant tree if—
(i) it makes an important contribution to the character or amenity of the local area; or	(i) it makes a significant contribution to the character or visual amenity of the local area; or
(ii) it is indigenous to the local area and its species is listed under the National Parks and Wildlife Act 1972 as a rare or endangered native species; or	(ii) it is indigenous to the local area, it is a rare or endangered species taking into account any criteria prescribed by the regulations, or it forms part of a remnant area of native vegetation; or
(iii) it represents an important habitat for native fauna; or	(iii) it is an important habitat for native fauna taking into account any criteria prescribed by the regulations; or
(iv) it is part of a wildlife corridor or a remnant area of native vegetation; or	(ii) it is indigenous to the local area, it is a rare or endangered species taking into account any criteria prescribed by the regulations, or it forms part of a remnant area of native vegetation; or
(v) it is important to the maintenance of biodiversity in the local environment; or	(ii) it is indigenous to the local area, it is a rare or endangered species taking into account any criteria prescribed by the regulations, or it forms part of a remnant area of native vegetation; or
(vi) it is a notable visual element to the landscape of an area; or	(i) it makes a significant contribution to the character or visual amenity of the local area; or
	(iv) it satisfies any criteria prescribed by the regulations; or
(b) declare a group of trees to be a significant tree if:	(b) declare a stand of trees to be significant trees if—
(i) as a group they make an important contribution to the character or amenity of the local area; or	(i) as a group they make a significant contribution to the character or visual amenity of the local area; or
(ii) they are indigenous to the local area and its species is listed under the National Parks and Wildlife Act 1972 as a rare or endangered native species; or	(ii) they are indigenous to the local area, they are members of a rare or endangered species taking into account any criteria prescribed by the regulations, or they form, or form part of, a remnant area of native vegetation; or
(iii) as a group they represent an important habitat for native fauna; or	(iii) as a group they form an important habitat for native fauna taking into account any criteria prescribed by the regulations; or

The <i>Development Act 1993 Section 23 (4A)</i> provided that:	The <i>Planning, Development and Infrastructure Act 2016 Section 68</i> provides that:
(iv) as a group they form part of a wildlife corridor or a remnant area of native vegetation; or	(ii) they are indigenous to the local area, they are members of a rare or endangered species taking into account any criteria prescribed by the regulations, or they form, or form part of, a remnant area of native vegetation; or
(v) as a group they important to the maintenance of biodiversity in the local environment; or	(ii) they are indigenous to the local area, they are members of a rare or endangered species taking into account any criteria prescribed by the regulations, or they form, or form part of, a remnant area of native vegetation; or
(vi) as a group they a notable visual element to the landscape of an area,	(i) as a group they make a significant contribution to the character or visual amenity of the local area; or
(and the declaration may be made on the basis that certain trees located at the same place are excluded from the relevant group)	(iv) as a group they satisfy any criteria prescribed by the regulations, (and the declaration may be made on the basis that certain trees located at the same place are excluded from the relevant stand).
	(2) However, a declaration under subsection (1) must not be inconsistent with any criteria prescribed by the regulations for the purposes of this subsection.
	(3) For the purposes of subsection (1), the Planning and Design Code must identify the location of a tree or stand of trees in accordance with any requirements imposed by the regulations.
