

Lemon, Lime, Mandarin

Citrus spp.

Small/ Medium Tree

Evergreen

Flowering: Yes

Colour

An extensive range are available, producing glossy green leaves, perfumed white flowers each spring and fruit.

Citrus are very hardy, and adaptable to most situations, although good drainage, fertiliser and regular watering are required for fruit production.

Citrus are prone to a few pests, including citrus gall wasp and diseases, check with local nurseries for more information on control. Be careful of spikes that develop on trunk and limbs.
