

# 2022/2023 END OF SEASON NEWSLETTER

## CRAIG SOLOMON

### ACTING SWIMMING CENTRE MANAGER

The 2022 / 2023 season can best be described as a season of change. One that resulted in new opportunities, along with a chance to review, adapt and reflect.

The season started with the implementation of our new Active World membership portal, which moved membership payments and the booking of programs online.

We then saw the departure of long standing, experienced staff members, many of which have been a part of the Unley Swimming Centre family for over a decade.

These changes provided challenges for the Swimming Centre team, but with the support and understanding of our valuable patrons, we were able to run another high-quality season, something the Unley Swimming Centre is renowned for.

Even with the less than favorable weather experienced this season, we have still seen significant growth in both our membership numbers and the number of participants in our Learn to Swim program. It is this growth that highlights how much our community values and supports our services.

## OFF SEASON KEY PROJECTS

During the off season each year, we undertake a number of key maintenance projects to ensure things around the Centre are kept in good working order for future seasons.

This year's projects listed for budget approval are:

- Main pool thermal cover replacement
- Pool pump control system upgrade
- Balance tank maintenance
- Poolside concrete repairs

Each of these projects will assist the team to provide the best possible facility for you to enjoy for seasons to come.

The team will also be working on several smaller projects to help improve our patron's experience whilst at the Centre.

A refinement of the Active World membership platform will occur, implementing new features as well as updating instruction manuals to assist in ease of use.

The development of better feedback avenues for patrons is underway to help assist us in the review and adjustment of our programs and processes.

We will also be launching an expression of interest (EOI) recruitment campaign, as we look to find high quality candidates to join the Unley Swimming Centre team for the upcoming 2023 / 2024 season.

The campaign will include advertising across social media, various council facilities and through our customer databases.

Keep an eye out and please pass on to anyone looking to join our fantastic team.
