

# Heywood Park 'Mini Ninja' Playspace CONSTRUCTION IN PROGRESS

## Supported by a grant from Fund My Neighbourhood, Government of South Australia

As part of the SA Government's Fund My Neighbourhood program the Council was successful in receiving a grant to upgrade the playspace, based on the support from local residents.

The Heywood Park Playspace Upgrade 'Mini Ninja' project is aimed at providing obstacle activities for the 10-14 year old 'tweens' age group. The design includes new pathways, plantings, rock boulders and playspace and nature play components.
