

Health and Wellbeing Workshop

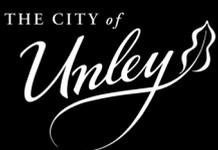

The Art of Propagation—Growing New plants from Old

Discover how easy, fun, and affordable it is to create new plants from the ones you already have. Join horticulturist Peter Wilson for an engaging and informative session exploring the fascinating art and science of plant propagation. Learn a range of techniques including propagation by seed, spore, cuttings, layering, and more. With demonstrations, practical tips, clever tricks, and plenty of useful take-home knowledge to help you to grow your plant collection.

MONDAY 16 March, 1PM

UNLEY COMMUNITY CENTRE 18 ARTHUR STREET, UNLEY

Cost Free, bookings essential, phone 8372 5128 or speak to our office staff
